

Rio Group Declaration of Support to Paraguay's Democratic Institutions

The Member States of Rio Group, aware of the denunciation made by the President of the Republic of Paraguay, Fernando Lugo, state their decisive support to democratic institutionalism in that country and their rejection to any attempt to infringe it. At the same time, they reaffirm their complete support to Constitutional President Fernando Lugo, legitimately elected in a free and democratic process.

Cuernavaca, Morelos, September 2nd, 2008.
